Sheryl King
Vice President
Operations

Sheryl King is Vice President of Operations at The Energy Project, which helps people and companies to fuel energy, engagement, focus and productivity by harnessing the science of high performance.

Since joining The Energy Project in 2008, Sheryl has been responsible for providing client support for the company and coordinating program details. She is the main point of contact for all program coordination including scheduling, logistical details, materials and evaluations.

Prior to The Energy Project, Sheryl spent 16 years in the mortgage industry in roles ranging from sales and underwriting management to fraud investigations. She has in-depth experience in training, research analysis, management and real estate lending. Sheryl has also been a trainer, and has presented at fraud prevention conferences.

Sheryl attended Long Island University in Southampton, NY, and completed the NJ Mortgage Bankers License program.
